KELKEN CONSTRUCTION SYSTEMS

Safety Data Sheet

SECTION 1 - Product and Company Identification	Effective Date: 5/20/15	
Manufacturer: Advance Coatings Company	Emergency Phone	732-416-6730 (Kelken Construction Systems)
Produced for: Kelken Construction Systems		800-424-9300 (Chemtrec 24 Hr. Emer.)
Trade Name: KELIGROUT 101-P		
Chemical Name: Filled Uncaturated Polyecter Pecin	Prenared By: Chuncai Vang	

Chemical Name. Timed Offsaturated Polyester Nesin			r repared by. Chancal rang		
Section 2 - Hazards Identification			Danger!		
HMIS Rating:	Health - 2	Flammability - 3	Reactivity - 1		< 1 >< 3/2 >< 4/3 >
NFPA Codes:	Health - 2	Flammability - 3	Reactivity - 1		

Hazard Statements:	Precautionary Statements:	No Smoking
Harmful if inhaled	Read and understand all safety precautions & specia	instructions
Causes skin irritation and serious eye irritation	Use only outdoors or in well-ventilated areas and use	protective
May cause cancer and/or respiratory irritation	equipment/clothing/gloves as required & eye prote	ection
Prolonged/repeated exposure may cause hearing damage	Do not breathe mist, vapors, spray Store in we	ell-ventilated place
Harmful to aquatic life with long lasting effects	Do not eat, drink or smoke and keep away from heat,	/sparks/open flames
Flammable liquid and vapor	Gound/bond containers & keep tightly closed	
	Keep cool and avoid release to the environment	
	Keep container closed and away from heat/spark/ope	en flames/hot surfaces

Section 3 - Composition/Information on Ingredients

Hazardous Component	CAS#	Exposure Limits	% by Wt.	
Polyester Resin	Proprietary	None assigned	28 ± 2%	
Styrene Monomer	100-42-5	50.0 ppm ACGIH TWA	18 ± 2%	
		100.0 ppm ACGIH STE	EL	
Pigments	Proprietary	None assigned	54 ± 2%	

Section 4 - First Aid Measures

Inhalation: If symptomatic, move to fresh air. Get medical attention if symptoms persist.

Eyes: Immediately flush with plenty of water for at least 15 minutes. Get medical attention.

Skin: Immediately flush with plenty of water for at least 15 minutes while removing contaminated clothing and shoes.

 $\label{lem:contaminated clothing before reuse.} Get medical attention. Wash contaminated clothing before reuse.$

Ingestion: Call a physician or poison control center immediately. Induce vomiting as directed by medical personnel.

Never give anything by mouth to an unconscious person.

Additional protective Measures: First Aid Facilities: Eye bath, safety shower, washing facilitation. Advice to Physicians: None Known

Section 5 - Fire Fighting Measures Flammable Liquid. Flammability Class 1C

Extinguishing Media: Water spray, dry chemical, Carbon Dioxide, Foam. **Protective Equipment**: Wear self-contained breathing apparatus and protective clothing. **Special Exposure Hazard**: Containers can build pressure if exposed to heat or fire. The heat may cause polymerization which could cause violent rupture of closed drums. Vapors from the product may form explosive mixtures w/air.

Special Fire Fighting Procedures: Use water spray to keep fire-exposed containers cool.

Section 6 - Accidental Release Measures

Leaks and Spills: Eliminate all ignition sources. Absorb spill with vermiculite or other inert material, then place in a container for chemical waste. For large spills; flush spill area with water spray. Prevent runoff from entering drains, sewers or streams.

Personal Protection: Wear protective clothing.

Section 7 - Handling and Storage

Handling: Material is a combustible liquid; keep away from heat, open flame, oxidizers, and other ignition sources. Avoid breathing vapors. Use protective equipment when handling.

Storage: Store indoors with adequate ventilation and out of direct sunlight. Store away from oxidizing agents. Always use oldest lots first. Material should last 6 months at not over 75°F.

Section 8 - Exposure Controls/Personal Protection

Engineering Control: Local exhaust ventilation should be used to control the emissions of air contaminants. General dilution ventilation may assist with the reduction of air contaminant concentrations. **Respiratory Protection**: If engineering controls do not

KELKEN CONSTRUCTION SYSTEMS

Safety Data Sheet

maintain airborne concentrations to an acceptable level, an approved respirator must be worn. **Respirator Type:** Organic vapor. If respirators are used, a program should be instituted to assure compliance w/OSHA Standard 29 CFR 1910.134. **Eye Protection:** Wear safety glasses w/side shields, or goggles. **Ventilation Required:** Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. Supplementary local exhaust ventilation, closed systems, or respiratory protection may be needed in special circumstances such as poorly ventilated spaces, evaporation from Ig. surfaces, spraying, heating, etc. **Skin Protection:** Wear impervious gloves, boots, and protective clothing appropriate for the risk of exposure.

Saction C) Dhycical s	and Chamics	al Properties

opearance: Viscous liquid Odor: Styrene odor		Physical State: Liquid	pH: Not determined	
Boiling Point: 295°F	Boiling Point: 295°F Freezing Point: Not determined		Vapor Pressure: 4.50 mm Hg @ 68°F	
Flash Point: <u>Before Cure</u> : Pigments 54% no	oncombustible,	Solubility in Water: Negligible		
Polyester Resin 28% over 380°F, Styrene N	Monomer 18% 89°F TCC	Density: 15.4 lb./gal.		
After Cure: over 380°F		Specific Gravity: 1.77 ± 0.02		
Oxidizing Properties: Reacts with strong o	xidizing agents	Partition Coefficient: Not Determined		
Volatile by Weight: 18% Viscosity: 200,000 cps @ 72°F		Evap. Rate: (Butyl Acetate=1): Slower than Butyl Acetate		
Explosion Limits: LEL 1.1% by volume UEL	6.1% by volume			

Section 10 - Stability and Reactivity Chemical Stability: Unstable in extreme heat such as in fire. Conditions to Avoid: Heat and open flame.

Incompatibility with other materials: Avoid oxidizing agents. Hazardous Decomposition Products: Carbon Dioxide, Carbon Monoxide

and Organic Acids. Hazardous Polymerization: May occur

Section 11 - Toxicological Information

<u>Material</u>	LD50-RAT.Oral	Eye Effects: Mildly irritating, Skin Effects: Mildly irritating, Inhalation Effect: Prolonged breathing of
Styrene	>5g/kg	vapors can cause headaches. Ingestion Effects: May cause nausea.

Signs and Symptoms of Chronic Overexposure: No known chronic health effects have been observed with normal use of this product.

<u>Potential Health Effects/Health Hazard Identification:</u> **Acute Exposure:** Eye - causes irritation, Skin - causes irrigation, Ingestion - May cause irritation to the gastrointestinal track, Inhalation - Mucous membrane irritant, **Chronic Exposure:** Long-term exposure to excess styrene vapor may cause nausea, loss of appetite, CNS depression and general weakness. **Other Hazards:** Known Synergist - None Known,

Explosion Hazard: Empty containers are dangerous. They still may contain flammable vapors. Keep away from heat, sparks, or flames.

Fire Hazard: Classified as Flammable Liquid. Corrosion Hazard: Not corrosive

Section 12 - Ecological Information Ecotoxicity:

Ecotoxicity: The styrene in this prod. is expected to be toxic to aquatic organisms. Persistence: This product is expected to biodegrade.

Section 13 - Disposal Considerations

Disposal: Discharge, treatment, or disposal may be subject to national, state and local laws. Incinerate. Since emptied containers retain product residue, follow label warnings even after container is emptied.

Section 14 - Transport Information	United Nations Number: UN 1866

Packing Group: PG III

Section 15 - Regulatory Information

U.S. Federal Regulations: Toxic substances control act (TSCA) Inventory - Yes

US DOT Regulations: Hazard class: Adhesive containing a flammable liquid, ID Number: UN 1866, Packing Grp: III Flammable Liquid

Section 16. Other Information

Workers using this product should read and understand this SDS and be trained in the proper use of this material.

This SDS has been prepared in accordance w/the federal OSHA Hazard Communication Standard.

Information herein is accurate to the best of our knowledge. Suggestions are made without warranty or guarantee of results. Before using, the user should determine this suitability of the products for his intended use, and the user assumes the risk and liability in connection therewith. We do not suggest violation of any existing patents or give permission to practice any patented invention without license.
